The image shows a Google Sheets interface with a green grid. A large, white, pixelated shape is centered on the grid, resembling a stylized letter 'M' or a heart. The formula bar at the top displays a complex formula: =min(max(20 + 20\*(0.5+0.5\*cos(5\*atan2(column()-50, row())-50))))^0.3 - sqrt((column()-50)^2 + (row()-50)^2). The top menu bar includes options like File, Edit, View, Insert, Format, Data, Tools, Add-ons, Help, and a status message indicating all changes are saved in Google Drive.
